TECHNICAL SKILLS

- Programming & Engines
- Unity, Unreal, C#, C++, Core Programming
- AI & Agentic Tools
- Antigravity IDE, Cursor
- Software & Systems
- MS Office Suite, SAP, Org. Computer Systems

CORE SKILLS

- Creative Problem Solving
- Team Collaboration
- Time Management
- Working Under Pressure

LANGUAGES

- Hebrew
- Native
- English
- Fluent

ADDITIONAL

- Certifications:
- Combat Medic (IDF, 2019), Forklift & Heights (2022).
- Volunteer:
- Night watch for Hashomer Hachadash (2023–Present).
- Interests:
- Highly active in sports and fitness.

 Professional Summary

Highly adaptable Game Programmer with hands-on experience in developing gameplay systems, mechanics, and AI. Passionate about building engaging player experiences and writing clean, scalable code. A fast learner eager to master new languages, game engines, and rendering technologies to solve complex challenges. Proven ability to integrate modern AI and agentic tools (Antigravity, Cursor) to significantly accelerate development workflows. A dedicated team player who thrives collaboratively and performs exceptionally well under pressure.

 Experience

Game Programmer and Producer2025

CloverBite Studio

- Funded Incubator Project: "Vicky Express" (Dieselpunk Base Defense / Roguelite)
- Systems & Gameplay:** Engineered modular train systems (fuel, repairs) and meta-progression in Unity/C#.
 - Dynamic Mechanics:** Implemented procedural encounters, optimized AI, and run modifiers for "Base Defense on the Move".
 - Technical Polish:** Integrated high-res pixel art and multi-layered parallax systems for a polished Vertical Slice.
 - Production:** Managed pitch process, authoring docs and submitting to 100+ publishers.

Classroom Aide2025 – 2026

Elementary School Setting

- Provided educational support and dedicated assistance to a special education class.

Supervisor2022 – 2024

Ashdod and Haifa Refineries

- Supervised ~300 foreign workers/contractors during the renovation of all factory facilities.
- Managed ongoing operations and communication entirely in English under high-pressure conditions.

LEGO Robotics Instructor2022

Security Officer2021 – 2022

- Instructed grades 1-6 in early engineering, logic, and programming concepts.
- Ensured security of Isrotel hotel guests and provided emergency medical care.

 Military Service

Combat Medic & Combat Collector (Staff Sgt.)2018 – 2021

Israel Defense Forces (IDF)

- Engaged in sustained field observation over several days in extreme terrain/weather conditions.
- Managed battalion clinic team and comprehensive medical inventory/readiness for combat situations.
- Key Takeaways:** Leadership, HR management (shifts/schedules), and SAP systems experience.

 Education

Professional Certificate Studies2023 – Present

Tilatan College for Design and Visual Communication

Full Bagrut Certification2012 – 2018

Alliance High School "Kol Israel Haverim," Haifa
